## WORK EXPERIENCE

**Radicalbit s.r.l**                                                                     **Full Remote**
*Frontend Engineer*                                                               *May 2021 - present*

- Development of a Continous Intelligence app built in a microfrontend architecture (single-spa) with ReactJs+Redux (saga).

- Designing and implementation of reusable components (in ReactJs) for the company design system.

- Creation of sdk libraries for GRPC-based communication to the backend's microservices.

**Dynaset s.r.l.**                                                                         **San Marino**
*Lead Software Engineer*                                                      *March 2015 - May 2021*

- Leading the development of evohrp.lite, a PWA application written in Angular 11+ in a Material-flavoured UI.

- Migration of the company main web app from angularJs to Angular11.

- Creation of CI/CD pipelines in Azure DevOps for streamlining deployment and testing of company products.

*FullStack developer*

- Development of web apps using angularJs, .NET Web Api 2 and Microsoft SQL Server

## EDUCATION

**University of Bologna, Italy**                                                         *2015 - 2019*
*Master's degree in Computer Science*

**University of Bologna, Italy**                                                         *2012 - 2015*
*Bachelor's degree in Computer science*

## PROJECTS (ALL AVAILABLE IN GITHUB)

**Project333333333333333333333333333333333333333**
- I currently have 4 windows open up. . . and I don't know why.Should we start class now, or should we wait for everyone to get here? - Someone I know recently combined Maple Syrup buttered Popcorn thinking it would taste like caramel popcorn. It didn't and they don't recommend anyone else do it either.
- Should we start class now, or should we wait for everyone to get here.Lets all be unique together until we realise we are all the same.
